H<sub>2</sub>O from the well will be used for both domestic and livestock  
usage.

Currently what is the nearest water source? How long does it take to travel to the water source?

Sereolipi primary school Well. About 1km away.

**Site Selection Reflections**

Tell us about the experience with this community during site selection.

The Leaders invited me to a meeting at the chiefs office. They requested for additional well to be put in place in Sereolipi trading centre to ease pressure on Sereolipi primary school well. After deliberations with Ruviki we felt that this is a genuine request.

What kind of issues came up while the survey was being completed (i.e. technical, cultural, familial)?

None.
