

## A MESSAGE FROM RYAN!

What a year! It's amazing to have been able to work with people all over the world through Ryan's Well. From promoting awareness and fundraising, to being fortunate enough to be involved with on-the-ground project work in our partners' countries; they have all been such rewarding experiences. We are so fortunate to have so many great opportunities to expand and grow the work that we do. It is my hope that we all use these opportunities to the fullest in order to help bring the gift of clean water to people all around the world. Starting this school project as a six year old, I thought that I could bring the world clean water by working hard to vacuum my house. I may have been naïve to think that I understood the world's problems at such a young age, but all these years later, it's amazing to see that I wasn't wrong in the slightest. Thank you to all the people out there who have the courage to think like a six year old.

## SHAWN'S TWO CENTS

It was my pleasure and privilege to serve as Chairman for the Ryan's Well Foundation in 2015-16. I was thrilled to be able to travel to Uganda in early April to see for myself some of the projects that were completed last year. Our two partners in Uganda, Divine Waters and RWIDF (Rukingiri Women's Integrated Development Foundation) are so impressive. At each well and water source we visited, community committees would greet us – deeply proud to tell us of their work in managing the well, and profoundly grateful for the help that flowed to them from so many generous strangers through a small office in Kemptonville, Ontario. I want to thank our board members, our staff, our volunteers and, of course, our donors; it's your commitment that makes this vital work possible.

*"I had the pleasure of meeting Ryan and his father, Mark, at a Global Issues Conference for high school students. Ryan is the real deal, and the Foundation is wonderful! Please consider helping Ryan and the Foundation achieve the goal of clean water for all!"*
